

Tapes and Reclosable Fasteners

Delivering Documented Value through Distribution, Manufacturing and Supply Chain Solutions

Hisco offers an incredible range of adhesive tape and reclosable fastener products: single or double-sided, thick or thin, permanent or removable, general purpose to high performance. Whether you need standard size rolls or a custom-converted configuration, if your application calls for a tape or reclosable fastener, Hisco has you covered.

Industries

- Aerospace & Composites
- Alternative Energy (Solar & Wind)
- Appliances & White Goods
- Architectural Cladding
- Batteries
- Circuit Board Manufacturing
- Electronic Assembly
- General Manufacturing
- Lighting & LEDs
- Maintenance Repair Operations (MRO)
- Medical Device
- Oil & Gas
- Surface Mount Assembly (SMT)
- Transportation (Auto, RV, Trailers & Marine)

Applications

- Attaching
- Bonding
- Conducting
- Damping
- Decorating
- Enhancing
- Fastening
- Gasketing
- Insulating
- Joining
- Marking
- Masking
- Processing
- Protecting
- Sealing
- Shielding

Capabilities and Benefits

- Abrasion-Resistance
- Electrical Conductivity
- Electrical Isolation
- Low Surface Energy Adhesion
- Low Out-Gassing
- Magnetic
- Optical Clarity
- Removability
- Self-Fusing
- Squeak Reduction (Slick Tapes)
- Thermal Conductivity
- Vibration Damping
- Visibility
- Z-Axis Electrical Conductivity

Converting Services

Precision Converting, a Division of Hisco®, specializes in custom converting flexible materials. Products can be manufactured in a cleanroom environment, if needed.

From tapes and foams to plastics and adhesives, our services include:

- Die-Cutting
- Island Placement
- Kiss-Cutting
- Laminating
- Rapid Prototyping
- Specialty Converting

Our application engineers provide design solutions and technical support for flexible films, foams, and foils used in applications for bonding, masking, insulating and thermal management.

Precision Converting has manufacturing facilities in the U.S. to ensure on-time delivery and *Fast, Friendly Service*. From prototype to production to finished product, Precision Converting has the experience and technologies to create a complete custom converting solution for you

Technical Support

With a team of 150 outside and inside sales representatives, Hisco provides technical support and engineering expertise for your most demanding applications. Our applications engineers and account managers are trained to assist customers with polymer & adhesives applications. This includes everything from dispensing and curing equipment, material selection and process development.

Documented Cost Savings

Hisco understands the significance of reducing total cost through effective supply chain solutions. In a 13-year period, we helped our customers realize cost savings and/or cost avoidances of more than \$105 million through our automated documented cost savings program. Not only do we create value, we document it. We'll supply a cost reduction form for your authorization that shows both direct and indirect benefits.

Local Inventory

The international Hisco branch network includes 35 stocking locations -25 in the United States, Puerto Rico, the Dominican Republic and Costa Rica, 10 operated by the HiscoMex subsidiary in Mexico and one operated by HiscoCan in Canada. Two converting facilities provide value-added fabrication and custom packaging. Local inventory allows Hisco to respond rapidly to standard, JIT, and emergency needs. Many of our branches have the facilities and equipment as well as the quality control processes to handle and store flammable, hazardous and temperature-controlled adhesives and polymers.

Registrations and Certifications

Hisco recognizes the need to support customer's business requirements including ITAR Regulations, Product Certifications, Quality Systems, Temperature Storage Requirements, Shelf Life and HazMat Compliance. Hisco can support customer design and manufacturing with the highest level of quality and attention to detail.

Our expertise is backed by quality certifications to supply mission-critical materials used by all industry segments. 19 of our locations are ISO 9001:2008 certified, four of our distribution locations are AS 9120 certified and one of our Precision Converting facilities is AS 9100 certified, with more certifications in progress.
