

8 Great Ways to Engage on Hisco.com

Thinking of placing your Hisco order online? Why not make the most of your visit? Before you check out, check out these eight, great features to ensure a seamless shopping experience:

1. **Sign In!** Your unique experience begins when you sign in to your Hisco.com account. Got special pricing? You'll see it when you sign in—plus, more inventory and more quality products!
2. **Track Order.** Check the status of your order night or day. Just enter your order number and ship-to zip code on our [Quick Track](#) page ([watch this two-minute video](#)). If your order has shipped, you can find the tracking number here.
3. **Repeat Orders.** Need to place the same order on a regular basis? It's easy with Repeat Orders. [Watch this two-minute video](#), or read our [how-to guide](#). Want to mass load a repeat order? No problem! Your customer service representative can help you, so it's ready and waiting on you—and not the other way around.
4. **Quick Order.** Already know your part numbers? Check out even faster with Quick Order. This tool lets you build a list by Hisco part number, manufacturer number or your unique, customer part number. Then, speed through checkout when you add all of your products to your cart at once.
5. **Orders and Quotes.** You can view all of your orders from our Orders and Quotes page even if you placed them through a customer service representative. Looking for previous quotes? You'll find them here, too. For your convenience, even the ones with special pricing can be easily converted to an online order.
6. **My Part #s.** We know you assign unique part numbers to the products you purchase. Our My Part # tool makes it easy to add, delete and edit them without having to call or email a customer service representative. Eager to get started? [Watch this two-minute video](#).
7. **Contact Us.** More than just phone numbers—although, you'll find those, too—our Contact Us page gives you quick access links to our most popular features, so you can quickly track an order, request a quote, print an invoice and more.
8. **Sign In.** It's so important we listed it twice! The best user experience begins when you sign in.

Shopping for the supplies you need doesn't have to be a daunting task. [Hisco's online tools and resources](#) make it simple to stock up and save.
