

# BMP® 61 PRINTER SOFTWARE UPDATE

We have recently made updates to our BMP61 printer label cartridges to enhance printing capabilities. **To use newly purchased label cartridges, you may need to do a software update — use the process below:**

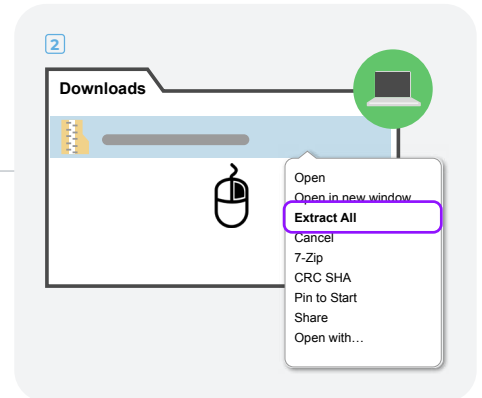

## WHAT YOU NEED:

- ▶ Your BMP61 Label Printer
- ▶ USB Flash Drive

## WHAT YOU NEED TO DO:

- 1 Download the latest Printer Label Library file on your computer  
▶ [DOWNLOAD NOW](#)
- 2 Open downloads folder, right click file and choose “Extract all”
- 3 Copy the Excel and BIN file to your USB flash drive
- 4 Remove the flash drive and insert into your BMP61 printer
- 5 Power printer on, the printer will detect the upgrade files, and show a screen prompt. Select “Upgrade” on the touch screen
- 6 Select “Yes” on the next prompt to confirm upgrade  
▶ You may be prompted with an option to delete files from the flash drive. Select “Ignore” if you have additional BMP61 printers otherwise select “Delete”
- 7 Remove the flash drive from printer and reboot the printer
